

Board Training Session Notes

July 14, 2021

5:10-6:10P

Attendees:

[Jonas Beugen](#)

Mohamed Hassan

Nimo Abdi

Abdirashid Abdi- Ex. Officio

Training provided by: [Roderick Haenke](#); Instructional Designs, Inc.

Topic: Governance

Aim Academy's board of directors started the governance section of the required board training led by Roderick with some homework assigned for the board to study between now and the next session. See the homework section below for details.

The required finance section of the board training will be held in October after the regular board meeting at which time the school will have an actual finance report to use as a live example for the training. The attending board members also suggested combining the future training sessions with the board meeting schedule by adding an additional one hour or so to the regular board meetings when needed.
TBD

One key takeaway from the training today for all attendees was to register with the MN Charter Board website (mncharterboard.com) and use the available board training resources including videos that are specifically designed for charter school board members.

Homework:

Go to the MN Charter Board website and watch the videos on- Will discuss in the 2nd session of the Governance section

- 1) Developing an effective relationship with the authorizer
- 2) Effective evaluation of school leadership (Evaluate the Leader)
